## New York Nostalgia

**Original works of art that represent pride, history and a connection to beloved New York Historic locations.**

Cradle of Aviation Museum

Jones Beach Boardwalk

Long Island Artist and master muralist, Bonnie Siracusa presents "New York Nostalgia." A series of limited edition fine art giclees created from original murals celebrating well known Long Island, Brooklyn, Queens and Manhattan Landmarks.

The Long Island paintings were created for the pediatric wing of Mid-Island Dental in Hicksville, NY. They commissioned her to create soothing and relaxing environments for patients, while at the same time expressing Long Island pride that appealed to both children and adults. The project which consisted of 15 murals, covering over 1,100 sq. ft of wall space, began in the fall of 2011 and took approximately 2 years to complete. They included famous locations such as Adventureland, Captree State Park, The L.I. Cradle of Aviation Museum, the Jones Beach Theatre and Boardwalk, Harbes Family Farm, Old Bethpage Village Restoration and Atlantis Aquarium. As this project progressed, along came Hurricane Sandy, which significantly altered many of the beaches. This only made Bonnie Siracusa's passion even greater, to bring these places seemingly to life, and preserve their beauty forever, through her exceptional attention to detail and rich color.

Captree State Park

The New York City murals in this series were originally created as local historic accounts for the Carpenter's Union, The National Association of Letter Carriers Union and several U.S. postal stations. The post office murals include: "The Brooklyn Dodgers In Ebbet's Field," "The Brooklyn Bridge Fireworks," "Stamps Mural," and "Aqueduct Racetrack." The "9/11 Memorial" commemorates 108 Carpenter Union members who lost their lives in the line of duty. The NALC mural, "Brooklyn Picture Window," is a letter carrier's view of Brooklyn and how they have made significant contributions to the community and the world. A highly accurate rendition of the "Coney Island Boardwalk" was created for the St. Joachim and Anne Residence. Each giclee is personally signed and numbered.
