www.BonnieSiracusa.com

Great Neck, New York

For every product made, we help support literacy and education programs in factories across the globe.

Having been a muralist for several decades my commercial and residential work has mainly been about objects, whimsy, color, nostalgia and motion. I have often been inspired to create very detailed depictions of historical references as exterior and interior works. My work often includes exotic details, objects of reflection and portraiture. From ocean-friendly nautical themes to Southwest inspired prints and Asian motifs, I'm pleased to share my work in the form of wearable works of art.

— Bonnie “The Genie” Siracusa

Bonnie Siracusa presents a collection of wearable art depicting many of her famous historical murals that are inspired by Brooklyn, Long Island and New York City nostalgia.
